

Broadband Availability Within BARC Service Area

Broadband Data Source:

The broadband coverage data displayed in this map was submitted to VGIN by broadband internet providers as part of the National Broadband Map program developed under the 2009 Broadband Data Improvement Act. The broadband data is current as of 12/31/2011.

The data is submitted by providers as census blocks less than two square miles, addresses or roads. The census blocks less than two square miles submitted and displayed here have at least one address with broadband availability.
